# Who are we?

We are among the **few companies of this kind** in Romania, focused exclusively on the construction of photovoltaic parks.

We have the ability both through our professional team and through logistics (machinery, equipment) **to manage photovoltaic parks of over 200 MW**.

We have proven this through our satisfied customers, this can be proven, **we leave references**.

We left behind satisfied customers who recommended us with confidence.

## *Our team of professionals:*

Our company has more than 100 employees with experience that they have acquired in the more than 10 photovoltaic parks that we have built from scratch.

We have a motivated team, made up only of professionals with extensive experience, and the machines we use are always of the latest generation.

# *Who are our partners and collaborators?*

## **RWA Raiffeisen Ware Austria AG (RWA)**

is the wholesale company and service provider of the Lagerhaus cooperatives in Austria. Together, they are the leading force in the  
(<https://www.rwa.at/>)

## **BayWa r.e.**

Based in 30 countries, with revenues of almost €3.6 billion, BayWa r.e. is a leading global renewable energy developer, service provider, distributor and energy solutions provider, and is actively shaping the future of energy.  
(<https://www.baywa-re.com/en/about-baywa-re/company-information>)

## **MR-SOLARMONTAGETECHNIK**

offers the full range of services needed to build and install a standalone collection site. No matter where you are in Europe, we provide these services in a professional, timely and meticulous manner.

# *ABOUT US:*

After over 10 years of experience in installing solar panels in Germany and Austria, we decided to bring the future to our country!

We recognize the huge potential of the technology we use, that's why we want to use the experience we have accumulated to contribute to the modernization of the country. We want to be part of the future, bringing professionalism and most of all quality through our services.

We have a motivated team, made up only of professionals with extensive experience, and the machines we use are always of the latest generation.
